08 FAQ

Can I change employers once I am in Spain with this authorization?

No. This authorization is tied to the transfer within a specific company or corporate group.

Do I have to apply for the visa if I am already in Spain under another permit?

It depends on your type of stay. If you are in Spain legally and meet the requirements, you can apply for the residence authorization directly.

How long does it take to get a decision?

The authorities have 20 business days to decide. If no decision is issued within that period, the application is deemed granted by positive administrative silence (silencio administrativo positivo).

Can I use this authorization to work at another company in the group outside Spain?

No. This authorization only allows you to work for the company or group established in Spain.
